**HARMAN STAR**  
TRUCKS TRANSPORTATION LLC

# INTRODUCTION

## Harman Star Trucks

**Transportation LLC** is one of the rapidly growing transport companies in the United Arab Emirates. Value in construction begins with pricing, but it also entails the ability to quickly mobilize and manage projects for better quality and shorter schedules. Harman Star Trucks Transportation LLC has meant value in construction, operating all over the United Arab Emirates, It is recognized as an extremely competitive, diversified transport. Harman Star Trucks Transportation LLC brings to every project an array of professional talent. The company can always find way to better meet various needs, with its expertise and resources. Harman Star is comprehensively equipped with a wide range of well maintained transportation equipment and vehicles. Our vehicles are regularly serviced and strictly maintained to set manufacturer maintenance schedules. A high level of driver training maintains the excellent standard of our fleet. It is company's culture of excellence stemming from its strong leadership that's sets a benchmark standard. Consequently, the whole team is committed to a goal of being the premiere transport company.

# OUR COMPANY

The provision of road transport and logistics solutions between Dubai and neighboring emirates such as Abu Dhabi and Ras Al Khaimah is greatly facilitated by services provided by the private sector. This is especially the case with specialised transport associated with construction operations in many of these emirates. The success of large national and multinational construction companies in United Arab Emirates is heavily dependent on transport and logistics solutions for the provision of the consumables that keep the relevant projects running. Experienced road transport operators, especially those that deliver a high quality, skilled, niche service are infrequently encountered. One such company is Harman Star Trucks Transportation LLC, which has almost eight years experience in transporting a variety of goods between Abu Dhabi and Dubai. Many years of experience in the transport industry are currently enabling an expansion of the services we offer into other emirates. Harman Star Trucks Transportation LLC has a fleet of well serviced, clean trucks and trailers, arriving on time to pick up or deliver the load. Our drivers are all well experienced, trained long distance drivers that are fully aware of the service required to satisfy our customers. Our fleet of 87 vehicles include 2 axle and 3 axle light weight [40ton] and heavy weight [60-70ton] flatbed trailers and 50ton crane. Maintenance is handled by our qualified workshop staff and Harman Star Transport prides itself in having a fully accredited truck workshop.

## OUR VISION

Harman Star aims to provide affordable, one stop logistical services for all types of road transportation between emirates. We strive to be the most successful transportation company in the regional industry and to continually improve our market share by offering competitive rates in conjunction with superior service, optimal use of available resources, innovation and cost saving initiatives.

The company aims to maintain and grow on its high profile in the market by:

- Maintaining service excellence
- Providing superior transport solutions according to each customer's needs
- Treating staff and customers with respect and honesty
- Developing new and innovative ways to safely and cost effectively transport cargo
- Offering customers a dedicated, personalized service

## OUR MISSION

Statement

To consistently enhance our transport service capabilities and add value to our customers by minimizing our lead time and cost.

## OUR SERVICES

Harman Star has a particular focus on servicing the Construction industry. We are currently expanding our services within UAE.

We offer the following services:

- Materials handling
  - Load consolidation services
  - Receiving and dispatching of goods
  - Local collections and deliveries to various warehouses for load consolidation
  - Insurance on goods to the value of the declared invoices
  - Dealing with abnormal loads (please contact us for further information)
- To ensure the continued delivery of our high quality and prompt services, the following measures are in place:
- Driver performance is continually monitored .Details of each trip are recorded and assessed to ensure the safety of the drivers, vehicles and goods transported
  - Delivery times on all routes are strictly monitored
  - All trucks are equipped with mobile phones and tracking
  - Stock lists are provided to major clients via head office on a daily basis, to facilitate stock control and emergency stock loading
- These measures mean that goods arrive safely and on time, and that as a company we are constantly aware of the whereabouts of our vehicles. In addition we provide our clients with constantly updated and cost effective general stock transport.

Managing Director

## Managing Director's MESSAGE

In little over eight years, Harman Star Trucks Transportation LLC has grown from infancy to professional maturity, one of the rapidly growing transport company in Dubai. However, we have no intention of standing still. We view our past success as merely the staging post for our future with more ambitious objectives. We start on that path from a strong foundation and our future will be even better. A good part of our success comes I believe from our commitment to professionalism. To us, quality is not just a matter of compliance; instead, it is at the core of what we as a company represent and strive to achieve. Quality of work and quality of life – both are critical. We see competition as healthy because it keeps us continuously striving to develop ourselves and others and helps us in maintaining our reputation for reliability which we are so proud of.

Our approach is to nurture long-term relations at all levels of the business with our clients, with government authorities, with our clients, with our suppliers, and most importantly within our own organization.

## NEW TRAILERMANUFACTURING AND REPAIRING WORKSHOP

Situated at Mussafah, Abu Dhabi-UAE since 2008. Harman Star is one of the largest, quality trailer manufactures in the United Arab Emirates today.

Harman Star flatbed utility trailers and industrial equipment trailers are reputed for its strength, reliability, durability, ease of maintenance value...

We manufacture all types of trailers body and we also accept specialized design trailers to bring what exactly you need according to the nature of your business. Also we have upgraded our designs and models by inventing a new ideas in this industry and our customer can noticed this clearly.

The company's activities span three emirates and employs over 150 employees in its various operations throughout UAE.

Like any other success story, we too have right force behind ours. It is none other than our own staff members. Harman Star's dedicated staff is Harman Star's greatest asset.
